LET OUR FIRST SHIP SAIL CLEAR OF DEBT

Fellow Men of the Negro Race, Greeting:

Amidst the great confusion of the world we are called upon to play our human part in the arrangement that is sought by each and every one for the general good. Everywhere each unit of the human family is making its voice heard and its influence felt in the promotion of those efforts and ideals that tend to bring satisfaction, peace and good will. And so we, too, are fighting and struggling in this direction, As a race we desire among world changes a better economic and industrial footing. In fact, we desire to establish a stronghold upon which we can build and develop ourselves as one of the recognized human forces of the world. To make this possible the Universal Negro Improvement Association has engineered the plan of linking up our race of many continents into one great commercial, industrial union. We realize that by trade relationship a race, people and nation can develop itself not only from within but from without. Such a relationship has made England, France and America what they are in the great sisterhood of nations, and so we, we are young in our efforts, are striving in this direction so that in the days to come we also may look back upon progress as won and merited through the ordinary and common efforts that must be made by each and every one in this direction.

Linking Up the Race

For us to successfully link our race in this great commercial union we must have ships and still more ships. We want ships to go to Africa. South and Central America and the West Indies

and draw from those sections of the world the raw materials produced by our race and bring them back to America and place them in factories managed and controlled by Negroes to be manufactured into finished products and sent back to the markets of the world, and therefrom reap the benefits, commercially, as other races have done for centuries. To do this we are now making a final drive, using up every bit of our energy, to raise \$48,000 to pay for our first ship. The S. S. General G. W. Goethals, that we have purchased, which we will rechristen the S. S. Booker Washington, must be taken over without a dollar's debt, and to do this we must get the financial backing and support of every member of the Universal Negro Improvement Association and every member of the race. We want the money now to complete the payment on the ship. We must have it now, not tomorrow nor the next day after, but now. So, as this message goes forth, we ask each and every one to do his and her duty. You can best do your duty by sending in to the Black Cross Navigation and Trading Company, 56 West 135th Street, New York City, your loan of \$20, \$25, \$50, \$100, \$200, \$300, \$400, \$500, or as much as you can make it, for five or ten years with interest of 5% annually. Do not keep this money back if you

can afford to lend it, because if you loan it to the corporation now you will help us to establish ourselves without debt, free and clear, to start this commercial enterprise in linking up our race commercially throughout the world.

Starting a Big Thing

Remember, men, that this is only a small effort in comparison to that of others who have from small beginnings built up gigantic institutions upon which the success of the worl rests. With this small beginning we also can build until Africa and Ethopia are completely redeemed and we once more become the leading commercial people of the world. Ships, and still more ships, is the crying need of the black race; ships to belt the world, ships to link'up every unit of our race, to bring Negroes of the United States of America into a closer union with the Ngroes of every island of the West Indies, South and Central America and the motherland Africa. Can we do it? Yes, we can, by each and every one doing his and her part, and we are going to do it now. Negroes of America, West Indies, South and Central America, the appeal for help is now. Do your part. Let it not be tomorrow, next week or next year, but do what you can now. We who lead the Universal Negro Improvement Association depend upon you and feel sure that in another few days you will have fully subscribed the balance of money that is needed to pay completely for our first ship to make it the absolute property of the Negro race.

Feeling sure that you will do your part, with very best wishes, I have the honor to be,

Your obedient servant,

MARCUS GARVEY,

UNIVERSAL NEGRO POLITICAL UNION FOR BENEFIT OF ALL MEMBERS

UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION

The time has come when the Negro must defend the honor and political reputation of his race. For long, and sorrowfully so, the selfish Negro politician has sold our race for a mess of pottage. We have been called upon by crafty Negro newspaper men and other political jobbers to vote for Mr. So-and-So, to the injury of the race and the enrichment of the Negro political grafter who sells his services for dollars and not principles. The old gang of Negro politicians has sold the race for ready cash and jobs for a few. The time has come to call a halt. We will vote for and support men for election to office, not for payment in dollars, but for principles and policies. If you receive pay for your vote, directly or indirectly through our so-called political leaders, then we may expect nothing in return, but when you vote for candidates because of principles and politics, then you have all to gain. The old Negro politician is crooked and selfseeking. He has no character and no soul. He sells the vote of his race for money. He doesn't of himself subscribe to party funds, but he hankers after what he can get from the campaign funds subscribed by others to sell the Negro's vote. The Negro must learn to support his own political principles or policies, not only with his vote, but with his money; hence, the Universal Negro Political Union supports candidates at its own cost and doesn't ask for financial return. Ninety-nine and one-half per cent of the old Negro politicians who are now serving in the campaign are paid parrots who have no opinion of their own, but who are selling their conscience and vote for the highest prices. For one price they start out Republican and for a higher price in a fortnight they are something else. Everybody has found out that the old Negro politician is tricky and deceitful and nobody will believe him. He cannot handle a dollar straight.

We vote no longer under his instruction, but under the leadership of the Universal Negro Political Union.

Let every Negro register and vote on the 4th of November for principles, policies and faithful men who are friends of our

The four million members of the Universal Negro Improvement Association in America are being directed by the Universal Negro Political Union to vote for and follow the candidates and individuals we have recommended.

Vote for and follow every one of the men we support, for they are tried and true friends of the race.

No true member of the Universal Negro Improvement Association will fail to cast his vote on the 4th of November for the men of our choice.

I grant, for the sake of argument, that the Black Star Line has been a financial failure, but the Black we end? If you have the courage if

"Glands Awakened in One Day" Is the Amazing Statement of a Seventy-six-Year-Old Veteran.

"Glanda Awakened in One Day" is the Amazing Statement of a Seventy-six-Year-Old Veteran.

Lost vigor, deadened glands and nerves, and that weak, worn-out, depressed and half-alive feeling need not be dreaded any longer since the discovery of a well-known chemist. Now it is possible for those who feel "prematurely old" to become "rejuvenated" and regain the "vital force of youth," often in a day's time, with Mando Formula, is the amazing statement of one who has taken the treatment. This famous discovery is bringing "renewed youth" and "strength" to thousands where everything else had falled.

"I want to say that my lost vigor was restored and "glands renewed" in twenty-four hours," says D. B. Peake of Kansas City, Mo. "Today I am 76, but I don't foel a day over 40, Before I started taking the treatment I feit I was an old, worn-out man, but now I am enjoying a remarkable "gland restoration" and am convinced my "rejuvenation" is complete and permanent. May God's blessing rest on the discoverer of such a boon to humanity."

This wonderful formula, prepared by one of the largest laboratories in the world and generally known as Mando, is easily used at home and seems to work like magic in its rapi-lity on people of all ages and sexes.
