APPEAL TO NEGROES TO SUPPOR THEIR OWN ORGANIZATIONS

Fellow Men of the Negro Race, Greeting:

My purpose for writing this week is, if possible, to wake up each and every member of the Universal Negro Improvement Association and of the race to a sense of our general responsibility to the organization at this time.

Shouldering Responsibility

During the past year there has been a disposition on the part of a large number of bur members and Divisions to leave the entire responsibility of the execution of the organization's program to the Parent Body, without giving the necessary support incidental to the successful carrying out of the program. Through this neglect on the part of a large number of the Divisions and members of the Organization, the Parent Body found it very difficult to meet its many liabilities and carry out its obligations for the good of the Organization. Some Divisions have been as backward in their reports as six and eight months, though locally the members supported as best they could the principles of the Organization. This backwardness in making financial reports to the Parent Body has created a hardship that taxes the ability of the administration to carry on the work of the Organization with that result that would be of general benefit to the entire membership.

SHOULD UNITE IN NEW YEAR TO PUT THE PROGRAM OF RACE UPLIFT OVER

habilitated to carry on the work for the good of the race.

While the Parent Body is committed to the execution of the program that the Organization has husbanded, the local Divisions, Branches and Chapters are by duty bound to support the Parent Body to make the carrying out of its plans a success. Money is needed for 1925 to carry on the work of the Organization. Each member, therefore, should do his and her part in helping to finance the Organization. Now, more than ever, we must co-operate for the general good. We cannot do so in small groups, but as a great Organization we can unitedly work for the benefit of all concerned. their support for the company, so as to enable us to carry on the work that is before us. Money is needed to finance the activities of the Black Cross Navigation and Trading Company for the promotion of our industrial and commercial program for 1925. Owing to the lack of immediate response from those who should have made it, we have had to postpone, for one week, the sailing of our first ship, which should have

been on Sunday, the Tith, now postponed to Sunday, 18th instant. Continuous delay in carrying out our financial obligation to the Organization or the Black Cross does not help those who are executively responsible to carry out the arrangements that should be adhered to promptly for the good of all. And so the appeal this week is to members of the Universal Negro Improvement Association everywhere to do their duty by the Organization, and supporters of the Black Cross Navigation and Trading Company to live up to their promise in supporting the Corporation in carrying out its industrial and commercial activities.

Doing Our Duty

We have started the New Year under a similar handicap; therefore, we deem it our duty to arouse the consciousness of Divisions, Chapters, Branches and members everywhere to their duty at this time in sending in their financial reports, so that the Parent Body can be financially re-

A Big Negro Organization

There is no doubt about it that the Universal Negro Improvement Association is the biggest single Negro institution in the world. We are big in numbers, but we want the support, financial support, to enable us to do big things.

Appeal for Black Cross

I am also personally appealing to the friends and supporters of the Black Cross Navigation and Trading Company everywhere to rush in

Everybody Should Help

Let everybody help, let everybody do his bit, and then the program is bound to be put over. Our determination for the new year should be to give more support financially and morally to the great cause that we love.

Trusting that everyone will respond to this appeal, I have the honor to be,

Your obedient servant,

MARCUS GARVEY,

President-General,

Universal Negro Improvement Association. New York, Jan. 7, 1925.
