# Who Can Fail To Answer Freedom's Call!

Fellow-Men of the Negro Race, Greeting:

I desire to say a few words to you—a few words of cheer and of comfort—members as you are of the greatest movement among Negroes. You ought to realize that those who are leading in the great cause of African redemption are basing their belief and confidence in you who make up the rank and file of the membership.

Those of you who know your history realize that for three hundred years we have been buffeted about and tossed about, and that up to now no constructive preparation has been made for the prevention of the continuance of this buffeting and tossing about with the single exception of that preparation that is represented by the Universal Negro Improvement Association. There is absolutely no practical attempt being made by Negroes today to solve the great problem that we call the Negro problem outside of the Universal Negro Improvement Association. There is no hope, there is no vision of relief, to be seen anywhere else; and because this organization holds out so much for me in the cause of liberty and freedom, because this organization holds out so much for you in the cause of liberty and freedom, that is why I fight on and on, and will ever be found fighting in the front rank until it becomes unnecessary to fight any more.

## THE MOST SACRED CALL

To me the most sacred call of the hour is the call of freedom; to me the most sacred cause is that of freedom for Negroes everywhere. I have been listening to the complaints of peoples here, there and everywhere; and I have heard no statement, I have heard no demand, as piercing to my soul as the plea and demand of the Negro for freedom. To me there is but one cause—and that is the cause of freedom for me, for you and for all Negroes.

We have been childish in the past because we have had the wrong kind of teaching, the wrong kind of training—the teaching and training that made us children rather than men; and because of that we have been acting as children for 300 years. But out of the reorganization of this great world there has come a demand for a liberal education for each and every one, and this liberalism in education seems to have caught hold of the Negro and has somewhat changed him from the attitude of a child to that of a man; and this change of attitude in the Negro is bringing about changes in everything. It is bringing about changes in his social life; it is bringing about changes in his commercial and economical life; it is bringing about changes in his political life.

So let us keep up the good fight, trusting in God and relying on ourselves. Victory must perch upon the banners of those who endure. If you would do your utmost to make me rejoice and be glad, then hold aloft the torch and make the Universal Negro Improvement Association bigger and greater in the year 1926 than ever before in its history.

With best wishes for your success, I have the honor to be,

Your obedient servant,

Mareurlanes

The second matter raised was the release of prisoners. The Rifflans' report of the number of prisoners they hold is 400 Spaniards, 37 French and 60 mative French troops. FOR THE MORE SUCCESSFUL PROSECUTION

OF THE PROGRAM OF THE

# UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION

The New Administration, with your support, is planning the raising of ONE MILLION DOLLARS to put over the program, as far as possible, this year. We must make 1926 a banner year.

We are appealing to every loyal member of the organization and every lover of liberty and freedom to assist in making the

# GREAT INTERNATIONAL DRIVE

which will be launched on Sunday, April 25, an overwhelming success.

The United States of America and Foreign Fields will be divided into sections, and quotas assigned to each section, to be raised under a thoroughly organized plan.

Our African Program, no less than our Domestic Program, was entirely ignored by the past administration, and everything must now be done to repair the damage which has been wickedly done to our great organization.

The people have spoken in the Extraordinary Convention at Detroit. The nightmare of 1925 is behind us. Now let us all pull together and press onward.

- Unprecedented Success Must Be Our Answer to the Treachery of 1925.

Let it not be said of us that we failed to support our organization with the goal in sight. We must do what the Jews are doing for Palestine, what the Chinese are doing for China, what the Irish have done and are doing for Ireland.

No matter what difficulties assail us, we must go forward under the RED, the BLACK and the GREEN, until Africa is redeemed.

## HERE ARE EIGHT PLANKS IN OUR PROGRAM:

- (1) Funding the liabilities of our organization.
- (2) Petitioning the State Legislature and the Congress to facilitate the repatriation of Negroes, who so desire, to the motherland, Africa.
- (3) Memorializing the Colonization Society of America in regard to colonization.
- (4) Taking the Belize will case, regarding bequest to organization of valuable Morter Estate, to the British Privy Council.
- (5) Conducting a vigorous campaign for One Million New Members.
- Fostering the Industrial Program of the Organization.
- (7) Organizing the Political Strength of the Negro.
- (8) Establishing a University.

These items should arrest the attention of every lover of liberty, of every Negro man and woman who are interested in nation-building. Upon what we do now depends the future of the Negro race.

### Power Is Developed by Climbing Steep Ascents To the Editor of The Negro World:

The price of leadership is envy, calumny, the attack by the hordes lower down. Leadership calls for a strong mind, much nerve and the ability to stay at the forefront. Few people possess the stamina required for the perilous position of leadership. It is the high art of conquest. Those who now guide the destiny of the Negro race must realize that to falter, hesitate or back down on your plans; to give up, to weaken and lazily quit is to cast aside the conquest power

When you have risen a degree, view steels the sinews for greater effort. ceded. Then gradually brave steeper ascents. Try the larger task. Go upwards. Dominate, conquer, until you reach and master the big things. Some day in your career you will essay the grand ascent—your life's ambition, your so do the world's great rise.

Hon. Marcus Garvey, our great leader, in his clear, precise way, tells saturated. There is no chink or crevice in which it is not lodged, that no honest-seeking person goes unreof the word "power" as meaning a force or influence which man can control and make use of to attain a legitimate goal.

To the Editor of The Negro World: It pains my heart to realize that the

# MUSSOLINI AIMS AT EXPANSION IN ASIA MINOR

Turkey Calls Men to Colors Despite Denial of Italo-Greek Foreign Nations Owe Pact by Greek Minister-Five Principal Points of Treaty

LONDON, April 19.-Turkey's nev levy of army conscripts is causing eneral speculation and is regarded in various quarters as giving substance to recent rumors of contemplated Italian or Italo-Greek aggression at

Turkey's expense.
Turkey is calling up the military classes of men of 21 and 22 years of age and all the reserve men of from 23 to 26. The urgent action of the Turkish recruiting bureau is said to be causing considerable nervousness among the people of Turkey.

While there is nothing complete o vhich to base fears of an attack or Turkey, in political circles the opinion advanced that the smoke indicates the presence of fire, and Turkey's ac tion in increasing the peace footing of her army consequently is considere highly suggestive of danger.

Premier Mussolinl's recent speeches and his reference in February to "Italy's Napoleonic year" is being in terpreted not only in Turkey as seriously aggressive and as suggesting an Intention to achieve colonial expansion Anatolia, which is declared to the Duce's aim. It is suggested that more precise form may be given of the Italian intentions on Wednesday, when the traditional anniversary of the founding of Rome is celebrated Mussolini is expected to have something more to say then regarding his country's political policy.

### Effect in Turkey

From Angora, the Turkish capital omes advices to the effect that every one has been following closely Musso lini's voyage to Tripoli and the gen eral political situation, and that Turkey has not failed to make proper preparations. The Constantinople newspapers declino to believe that Italy would make an unprovoked at tack on Turkey, but nevertheless they express satisfaction that the Turkish Government is taking all necessar

LONDON, April 20.-I am able to give today the principal points of the secret Italo-Greck treaty, which is di-rected against Turkey, and which, if carried out, would mean the final elimination of Turkey as a power in Europe, or even in Asia Minor. They are as follows:

First—Both countries will encourage propaganda in Turkey for the reestablishment of the caliphate.

By ratification of the Italian debt settlement the United States has closed terms with all her principal war debt-ors except France. The debts with in terest totaled \$12,088,885,808. The agreements now made will return to the Treasury \$7,389,914,000, with varying amounts of interest. All run for

sixty-two years.

Great Britain, first to settle on her debt of \$4,600,000,000, pays 3 percent interest for the first ten years and  $3\frac{1}{2}$ percent for the rest. Her annual instalments begin at \$23,000,000 and will

Italy, on her debt of \$2,042,000,000. pays no interest for five years, and after that from one-eighth of 1 percent to 2 percent, an average of ninetenths of 1 percent for the fifty-seven years. Payments begin at \$5,000,000 and increase in the same proportion as the British. England will pay a total of \$11,105,865,000. Italy will pay \$2,407,000,000.

Tinland's debt of \$9,000,000 has been settled on a basis of 414 percent from the date of the loan, 1919, to 1923; 342 percent until 1932 and 3 percent for the rest of sixty-two years.

# HANGS ACCUSED WHITE SLAYER

Man Dragged from Cell at Night After Acquittal by Jury and Lynched—Futile Investigation in Progress

PICAYUNE, Miss., April 23.-One undred Mississippi citizens who last night drew handkerchiefs over their faces drove miles to a jail where a murder suspect was awalting trial back in their homes tonight discussing the demand of Gov. Whitfield that every one of their number be captured.

Mississippi has had another lynching, this time of a white man officially exonerated of the murder for which he was unofficially hanged, but no one be lieves the lynchers will be punished. Following the Governor's order, the Sheriff is investigating, but his way will be blocked at every turn.

The victim, Harold (Doc) Jackson was one of two men arrested for the murder of John A. McLemore and W. M. Mintee, Government entomologists found murdered near Picayune, their home. At the trial of Jesse Favre, one of the accused, the judge aroused interest by ordering newspapers not to print the testimony. Favre was convicted and sent to the penitentiary for life. Jackson, called the "swamp man," was released after the same Grand Jury which indicted Favre refused to return a bill against him.

He was being held, however, on another murder charge which was made luring the trial of Favre. One of the
