Stripping The Effect Of Its Cause To Show Crime Is Bad Business

(Cessante Causa, Cessat Effectus)

The following commentary by the Hon. Marcus Garvey on the Court of Appeals decision which relegated him to Atlanta penitentiary is reproduced from his book, "Philosophy and Opinions of Marcus Garvey," or "Africa for the Africans," Vol. II.

This striking statement of the great leader is noteworthy in that it reveals an epochal circumstance—where the "crime" only mattered and the motive and intent were all forgotten. The article is as follows:

"In the decision of the learned Court of Appeals in my case, the distinguished and honorable Judges were so eager, ready and positive, in face of the apparently unread record of four thousand pages (which, on careful examination, reveal the most glaring contradictions of prosecution testimony, not only by the defense witnesses, but by the prosecution's witnesses themselves on cross-examination, as admitted by the Prosecutor in his rebuttal summation when he admitted to the jury that his witnesses were liars), that they have introduced a new departure in American jurisprudence by the following statements, on record, of their opinion: 'We need not delay to examine in detail the fraud scheme exhibited by practically uncontradicted evidence.' 'Stripped of its appeal to the ambitions, emotions or race consciousness of men of color, it was a simple and familiar device, of which the object (as of so many others) was to ascertain how it could best unload upon the public its capital stock at the largest possible price.'

The stock of the Black Star Line was never offered to the public. It was offered only to Negroes and only those of the Universal Negro Improvement Association who were interested in, and themselves fostering, the idea of an African Nationalism to which the Black Star Line was contributory. No white person could buy stock in the Black Star Line, and none was offered to them anywhere. But in this case of Conviction, the Cause had to be 'stripped' of its appeal to the ambition, emotions or race consciousness to leave it bare as a crime. Let us 'strip' Government of its moral community, social appeals, and we have despotism, violence and crime; let us strip War of its economic and political appeals, and we have murder and highway robbery; let us strip the great George Washington and his noble compatriots of the appeal, emotions and race consciousness that lead to liberty, and we have treason, murder and crime; let us strip the whites of race consciousness in their idea and practice of white supremacy, and we have wholesale crime against humanity; let us strip the paid elected or appointed official or employe of Government or instituutions of the moral, racial, ethical or emotional usefulness of his office and power of enforcement, and we have malfeasance - an imposter, vagrant and vagabond who lives off the bounty, earnings and tributes of the hard-working people; let us strip the Christian religion of its moral, ethical appeals and emotions, and we have robbery, pocket-picking and virtual hold-ups in the name of Christ in our churches every Sunday by way of appeals for financial support; and so we find analogies ad infinitum. This twist of the law is dangerous to the fundamentals of American liberty and justice."

WHAT WE BELIEVE

The Universal Negro Improvement Association advocates the uniting and blending of all Negroes into one strong, healthy race. It is against miscegenation and race suicide. It believes that the Negro race is as good as any other, and therefore should be as proud of itself as others are.

It believes in the purity of the Negro race and the purity of the white race.

It is against rich blacks marrying poor whites. It is against rich or poor whites taking advantage of Negro

It believes in the spiritual Fatherhood of God and the Brotherhood of Man.

It believes in the social and political physical separation of all peoples to the extent that they promote their own ideals and civilization, with the privilege of trading and doing business with each other. It believes in the promotion of a strong and powerful Negro nation in Africa.

It believes in the rights of all men.

COLUMBUS, OHIO

The great struggle for nationhood is the chief work of the members of the Columbus Division. No "monkey wrench" thrown in the way can ever swerve the faithful ones from seeing in the future the great Negro Kingdom that shall one day give light and conveyed his message to the columbus politic, who conveyed his message to the column of the column o

recitation by Master Webster Chambers and a lengthy address by Mr. Hypolite, who conveyed his message to take action on an important communication from the Parent Body relative to the operation and maintenance of the faithful. We are all agreed by now that this great program is not going to be put over by the crowd, but by the faithful, the courageous and the undaunted and selected "Gideon's Army." It becomes plainer every day that only the Negro who has the real vision, the real buildog tenacity, will be able to withstand the onslaught of the enemy; and go ahead, caring not what they do or say, but blast their way to victory.

Tenaction by Master Webster Chambers and a lengthy address by Mr. Hypolite, who conveyed his message to take action on an important communication from the Parent Body relative to the operation and maintenance of The Universal Liberty University. The membership unanimously accepted the next number, and then the president of the division addressed the audience regarding the true sense of dignity in being "What You Are" and handled the subject in his usual masterly manner. The program ended with the Ethionian anthem.

Mme. M. L. T. De Mena Pays Successful Visit To Port Antonio. B.W.I.

The fourth of November, 1926, wil long be remembered by the citizens of Hope Bay. The people turned out in large numbers to a meeting held for Madame M. L. T. de Mena, assistant international organizer of the U.N.I.A., associated with the officers of the Port Antonio and Swift River divisions

The meeting was held on the Hope Bay market premises, kindly lent by the Parachial' Board of Portland o which the Rev. A. V. Petgrave, J. P. is chairman. On the platform were some prominent persons. Among they were Mrs. Mary Jovey, widow of the late John Simeon Levey, Esq., proprietor and big banana plunter: Mr. Clarence Gray, M. P. B.; C. C. Brooks and

The meeting was convened by the Hon. D. T. Buchanan, president of the Port Antonio Division, who acted as chairman. Our opening ode, "Fron Greenland's Icy Mountains," was heart-ily sung by all present. The president introduced the speakers to the large audience. The first speaker was Mr. L. E. McPherson, third vice-president of the Port An tonio Division and chairman of the Political Union, who in a telling speech brought the audience to attention as he expounded the wonderful work the association is doing all over the world. He said that the twentieth century has brought Negroes one of the greatest heroes the world has ever seen, and that hero is the Hon. The next speaker was Mr. W. R. Mc-Pherson, popular manager of the Hope Bay branch of the firm of Messrs. C. E. Johnston & Co., who, although not a Garveyite, delivered a stirring addres on behalf of the association. He kept his hearers spellbound as he spoke of the principles of the U. N. I. A. The chairman at this point made a comment on the speech of Mr. Mc-Pherson.

The next speaker was Madame M. L. T. de Mena. As she rose the vast audience welcomed her with loud applause They listened attentively as she spoke to them of the usefulness of the association. She demonstrated to them the power of the association through its founder, Marcus Garvey, a Jamaica Negro, who, although behind prison bars, when he speaks the statesmen of the world have to consider and ask themselves the question, What are we going to do? She also told them of the great size of the Universal Negro Improvement Association, north south, east to west, from the Atlantic to the Pacific, down to Honolulu, up to the North Sea divisions, in London, right in the seat of the British Em pire. She proved to her audience that the Universal Negro Improvement Association, founded by Marcus Garvey has belted the world. Mme. de Mena called attention to the usefulness and powerfulness of the Universal Negro Improvement Association.
