# Marcus Garvey Writes of Albert Hall Meeting And Plans for Great Freedom Drive in Europe

Fellowmen of the Negro Race, Greeting:

We have just staged our Royal Albert Hall meeting in England as the first move in laying before the people of Europe the case of the black man for international racial adjustment. The meeting was a wonderful success from every point of view, although the metropolitan press, acting under the urge of the yellow press of America, did eyerything to undermine the success of the meeting in supplying unfavorable publicity so as to misrepresent our great aim to the people. Anticipating them, we were on the job, and we succeeded in bringing together on the 6th inst. one of the most thoughtful groups of white people ever assembled in any hall in England. We had scattered among the audience Members of Parliament, publicists and men of every walk of life. Forty journalists sat around the newspaper tables, and the news of our determined effort for an adjustment of the Negro question was flashed to every corner of the world. This, indeed, was a triumph for the Universal Negro Improvement Association in Europe, notwithstanding the evil design of the enemy. Already the meeting is bearing fruit because several prominent friends have called upon us promising to do their best in helping to bring about an autonomous state for Negroes in Africa. The success of the task before us is so encouraging that we feel happy.

### Real Foundation Laid

Believe us, that a real foundation is being laid and the work of the Universal Negro Improvement Association shall thereafter move on steadily to success. We want black men and black women everywhere to cheer up and take new courage because the real programme for our universal redemption is being undertaken.

A REAL FOUNDATION HAS BEEN LAID; EVERY REASON FOR OPTIMISM

Meetings to Be Held Throughout the United Kingdom and Continental Europe—State Documents Being Prepared

The start that we have made is so splendid that most of the difficulties will be moved away.

### Preparing Documents

We are now preparing certain state documents which shall be released to the different governments of Europe, backed up by public opinion, which we are arousing in England at the present time. Dozens of other meetings will be staged in different sections of England, as also Scotland, Ireland, France, Switzerland, Germany and Belgium. We ask for the unanimous co-operation of all members of the race so that there shall be no dissenting voice in the great urge toward Africa's redemption. We are having the splendid co-operation of all branches of the Negro race domiciled in Europe, so that whatsoever is being done is thoroughly understood by all those most concerned. The foundation we are now laying will help us to present before our International Convention, to be held from August 1 to 31 next year, a programme sufficiently worthy as to invite the co-operation of every black man and woman in the world. We feel that great things are in store for us, notwithstanding the tremendous difficulties that have stood in the way.

### Returning Thanks

Personally, I want to return thanks to all

Divisions of the Universal Negro Improvement Association and to all members and friends who have done anything to help make our work in Europe a success. It takes a great deal of money to carry through the programme as we have it planned. The Royal Albert Hall meeting alone was staged at a cost of over five thousand dollars, but it was money well spent because it has opened the way in public opinion and in other circles that we could not have gained otherwise.

### Help Needed

In going about presenting the case of our race we cannot do it in a way that will not lend prestige or dignity to our race and to the cause so that all those who can help should do so, so as to insure the necessary success.

As I have stated before, all those who desire to communicate with me during my stay in Europe may do so by addressing me at 57 Castletown Road, West Kensington, W. 14, London, England.

Let us rally to the great cause of the Universal Negro Improvement Association. Let us link our hands and hearts together and make one determined effort to see that success is achieved.

With very best wishes, I have the honor to be Your obedient servant,

Mareurlanes

Tenemos primeramente que aprender a ser honestos y espetuosos para con los nuestros y estas lecciones serán las mas dificiles de asimilar dado a la poca oportunidad que le facelitan las circunstancias, para convertirse en un verdadero hombre. Solamente podemos elevarnos girando en nuestro propio medio ambiente; solamente podemos adquirir el respeto que nuestra raza requiere, cuando por obligación tengamos que obedecer nuestra propias ordenanzas.

Hacia la juventud y hacia la inteligencia de nuestra nueva generación la Asociación Universal para el Adelanto de la Raza Negra dirige sus miras, advirtiendole el no seguir el sendero recorrido por nuestros antepasados, quienes tal vez ignorantemente lo rendian todo a cambio de los desperdicios de la mesa de la simpatía.

Hora es ya, juventud de la raza, de revestirnos de caracter y sobre todo de virilidad, dos grandes factores en tales circunstancias.
