# President-General In Stirring Appeal Urges Negroes All Over Creation To Stand Together—Must Build In Commerce And Industry—Foundation of Political Power

The Chieftain As He Is Today

**Negroes Must Produce For Themselves—The Future Is Ours—Africa Calls To Action—Must Organize Every Hamlet Where Negroes Live—Must Forget Petty Differences**

**Race Must Demand Man's Portion—Facing A Great Future We Must Unite Earnestly For All-Round Betterment—Must Point the Way to Independence And Power**

**"Union," "Co-Operation" and "Freedom" Must Be Watchwords—Destiny Is Calling**

FELLOW MEN OF THE NEGRO RACE, Greeting:

It is again a pleasure for me to write to you in the spirit of cheer and goodwill. I have just brought to a close a successful campaign of organizing the entire island of Jamaica as a unit of the great Universal Negro Improvement Association as has been evidenced by the enthusiasm which greeted the opening of the great Sixth International Convention of the Negro Peoples of the World. Everywhere I have been the people have been eager to embrace the fold of our mighty movement. In a short while we shall have no fewer than 150 divisions of our organization in Jamaica, and so shall we organize every country of the West Indies for the good of our race. Now that the representatives of the various divisions are with me in Jamaica, we are discussing the possibility of organizing every nook and corner of the United States and other countries where Negroes live after the 1929 convention, so that Africa, America and the West Indies, with Canada, South and Central America may meet on equal terms of success in the new program that is to be pushed for the good of the race.

### Great Need for Co-operation

If every black man and woman could but see the great need for co-operation, then our work would not be so hard in going over the grounds already covered. We must learn to sink our petty differences and unite to work for the common cause of the organization. From what is developing we can see a great future economically for the Negroes of America, Africa, the West Indies and Central and South America. We are planning our economic program that shall ultimately make the black race independent; it is therefore the duty of all of us to so rally and be loyal as to make the future safe for the race.

### Must Now Unite

The Negroes of the world must now unite more than ever. This is the age of organization, and we must make the Universal Negro Improvement Association complete. or once in the life of the modern Negro he is going to be a man of organization and action. He has changed and is changing the old order of things where he has been the burden bearer for all men to the point where he demands a man's portion and an equal of all mankind. The black man is no longer the "coon" without a flag or country—he

(Continued on Page 2)

## The World As It Is

The Three Stages of the Negro in Contact with the White Man

By Marcus Garvey

I believe, as far as the Negro is concerned politically, that there are three stages relating to our contact with the white man:

The First Stage in the life of the Negro in this Western Hemisphere was the stage when the white man shackled us in Africa and brought us here and kept us for two hundred and fifty years. During this period we worked and received no recompense, no pay for our labor, and we were satisfied because of the white man's Christian teaching "Learn to labor and to wait."

The Second Stage was the thing called Emancipation, which we have enjoyed for fifty-eight years. This stage came when they gave us partial freedom, and a petty existence by way of wages, and we were satisfied during that stage to do just what they told us to do. We worked for small wages and voted Republican, Democratic and so forth, until after fifty-eight years we discovered that a change was necessary.

Now we have entered into the Third Stage of our existence, wherein we say to the white man: "After two hundred and fifty years of slavery and 58 years of partial freedom under your leadership we are going to try out fifty years under our own direction."

This new stage calls for all the manhood within the race and means that we must throw off all the conditions that affected us in the first and second stages, and go out and do—acquit ourselves like men in the economic, industrial and political arena.

## Stiff Fight Looms For N. Y. Alderman

Fred R. Moore and Friends Out to Beat Harris and Grenthal

WANT RACE CHIEF

Say Grenthal Promised to Get Down in 1929

NEW YORK—The rumblings of a what is expected to be a stiff fight for alderman and assemblyman in the 19th district broke through to the surface last week when by a majority of eight votes, the Central Republican club designated George W. Harris and Abraham Grenthal, white, for candidates as alderman and assemblyman, respectively.

Fred R. Moore and Francis R. Rivers, attorney, the defeated aspirants, immediately declared that they would contest the nomination in the September primaries.

### Fight Grenthal

The main fight in the 19th, it is said, is being made against the district leadership of Assemblyman Grenthal. Race voters in the district declare that the time has come when they need one of their own number to head the party in the district. They also say that Grenthal promised to step down this year.

The fact, however, that Grenthal has been able to keep the support of a number of race leaders, among them the former alderman Harris, makes it certain that the district is to see a stiff fight in the fall.

## Garvey Challenges Delegate to Debate

KINGSTON, Jamaica, August — After Otto Huiswoud, American Labor leader, made a scathing and thorough-going criticism of the various schemes and proposals by which Marcus Garvey has for years captured the imagination of large sections of Negro workers, the latter challenged him to a debate "in the biggest hall in Jamaica." Huiswoud immediately accepted the challenge.

a little knowledge and intelligence, he would be untrue to himself and his God and his race to see the situation as it is without saying something about it and without drawing it to the attention of those who can help them.

Great preparations are being made all over the world where there are Negroes especially in America, West Indies, some part of Africa and Europe for what will be, we are informed, a great Convention of Negroes, the biggest the world has ever seen. This convocation will take place at Kingston, Jamaica, from the 1st to the 31st, August of this year, under the aegis of the Universal Negro Improvement Association and African Communities League, whose President is the greatest leader of the Negro race, Marcus Garvey. The program of this Convention is as extensive as it is important, and for the benefit of our readers we have with this Congress at foot of this enumerated the terms to be dealt with.

The growth of the U. N. I. A. established somewhere in 1914 from a few members to hundreds of millions scattered all over the world is only one of the proofs of the ability of its founder. No longer do the great powers treat Garveyism with contempt as they did a few years ago. Today Garvey and the U. N. I. A. are regarded as a danger, because Garvey and the U. N. I. A. have opened the eyes of the millions of Africans in Africa and abroad. The great powers are now realizing what would happen if the black millions of the world succeed in forming a nation of their own in (Continued on Page 2)

## Abolition of The British Naval Bases In West Indies

Suggestion For Advancing Anglo-American Understanding

A U. S. A. Press message says: The relinquishing of Britain's naval bases in the West Indies is suggested by Charles K. Webster, Professor of International Politics at the University of Wales in a contribution to the current issue of "The Nation."

He argues that such a move would advance greatly a better Anglo-American understanding, and that the present time is particularly appropriate for action.

## Grand Organizer Valle Predicts Wilson's Election Under Leadership of Grand Exalted Ruler. Order Has Made Phenomenal Progress

By C. C. VALLE  
SPECIAL—MEMPHIS, TENN. It will probably be interesting to the members of the Improved Benevolent Protective Order of Elks of The World to know from one who

Greetings to the  
HON. MARCUS GARVEY  
Provisional President  
Of Africa

Honored Sir:

It is with the fulness of our hearts that we the entire office force of the Negro World extend to you our sincere congratulations upon your re-election as head of our noble organization, and wish for you continued health and success for the cause Africa. Bear in mind, sir, that we stand ready at all times to render to you our unstinted service and co-operation. Let our motto be Onward—Upward and never backward.

In Behalf of the force I have the honor to be  
Yours obediently,  
HAROLD G. SALTUS,  
Business Manager.

has traveled extensively this year over most of the entire jurisdiction, that to my mind, there is absolutely no doubt that J. Finley Wilson, the present Grand Exalted Ruler, will be re-elected at the coming Grand Lodge session at Atlantic City by one of the most impressive majorities in the history of the Order. Nor is this a biased opinion. It is a prediction predicated on a long train of circumstances which have so impressed the worth of the man in membership at large, that the catastrophe of the first magnitude for his excellent work to be even temporarily interrupted.

To make clear to the average mind my grounds for this opinion, a short recital of my work, which has been made possible only by the whole-hearted co-operation of the Grand Exalted Ruler, J. Finley Wilson, and the Grand Secretary, J. E. Kelly is not amiss.

I have traveled from 15,000 to 20,000 miles from the Atlantic Seaboard over the Middle West, South and other sections, instituting new lodges, opening up new fields, conducting state Grand Lodges, attending membership drives, and spreading the spirit of Elkdom; and all the time in close touch with the pulse of the organization and in perfect cooperation with the Grand Exalted Ruler, J. Finley Wilson, who has assisted me night and day that I might make my

(Continued on Page Eight)

KINGSTON, Jamaica, Aug. 13.—The Sixth International Convention of the Negro Peoples of the World, now in progress at Edgewater Park, assumed a more serious aspect at their Fourteenth Business session yesterday morning following the introduction of the important subject to be discussed and the statement of the Speaker in Convention (The Hon. Marcus Garvey) that according to the records the membership of the Convention the week should be very helpful and interesting. The were all of different dispositions, and most of them had different outlooks, and at the start of anything people so conglomerated naturally have to find some common ground, and he supposed in the effort to find that common ground they had the misunderstanding which, as in their case, finally led to an understanding; so this week he could not say they were different to each other.

Development of Agriculture

The subject before the House was the acquiring and control of agricultural lands for the securing of development of agriculture and also for the establishment of factories and industrial institutions in various Negro communities to guarantee permanent employment of the Negroes of America, Africa, the West Indies, South and Central America, Europe and Canada.

In making a few explanatory remarks, the Speaker said there was a tremendous wave of unemployment among the people of the Negro race all over the world, particularly in America, the West Indies and South and Central America. This was caused through the fact that the Negro is not the master of his own labor. He has all along been justified a worker, now he is being ousted out of the jobs he had been accustomed to hold and is in competition with white workers to the extent that riots have occurred in the cotton belts of Missouri and other sections of America where the white employers of labor have shown hostility to Negroes. The situation was growing a great deal worse and the report of their economist was that in nearly every section of America there is a continuous growth of unemployment, particularly in the large cities, and those sections where their people dwell. There was a well laid plan or scheme to destroy the Negro's political power in America by forcing him economically to leave the place where he has political power or voice. The plan is to keep him moving, to keep him unemployed, and the sociologist and economist who observed carefully would find that the Negro in America is unstable, that his address is uncertain. One week he is in Philadelphia and the other week in Boston, or Detroit and no letter can reach him because one did not know where his address was. The Negro was just a squatter in the big cities, and that was a very unsatisfactory growing worse. They could not regard the prosperity of a few as an index of the condition of the majority; the majority of the people of Jamaica were living in disease and if they were to take Marcus Garvey and the rest of them as a standard, they would say that the Negro in Jamaica was getting on all right. But they did not see the teeming hundreds of thousands who were not like the average fellow. There was no doubt that economically the Negro was in danger in America. As a Negro with

Sound Talk on Land Holdings

Continuing, the Speaker in Convention said that the people and the Government of America were prejudiced against the Negro and he would not advise to procure holdings there, but on the African Continent, and in other British Colonies, there were opportunities for the simple reason that up to now there was no law in the British or French statutes that directly by their constitutionality right and it was not possible or reasonable to believe that there would immediately be such law, and therefore their minds should be turned to those countries and see the possibilities there until they were able to evolve an independent Government, which was really their objective. But before they could have that, they must have wealth. If they could control wealth they could control the minds of men, and get nations and Governments on their side.

The Hon. Dr. Peters of Louisiana, after making a few observations in which he emphasized the points raised by the Hon. Marcus Garvey, moved, seconded by Hon. Grant of Bermuda, that a Committee be appointed by the Speaker in Convention, the Secretary-General to be elected, and the Speaker to serve as Advisory Chairman, and that the Committee hear the views of all delegates and outside parties interested in the matter. He was not in favor of the matter.

After discussion, the motion was put in the House and lost. The Hon. Jackson moved for an amendment to the motion, but the amendment was lost for want of a second.

The Hon. Craigen of Detroit, said that discussion on the subject should center around a scheme for the redemption of Africa, which is an important part of the program of the U. N. I. A. and which was really their objective. He thought it advisable that they start factories in Africa. He had seen Negro business in the Western World go into bankruptcy because of the opposition they have to face. They should exhibit the pioneering spirit and stick to the ideal of African redemption.

The Hon. Harry Johnson wanted to know if the failure to realize their contract with Liberia had caused them to leave Liberia out of the question. The Speaker replied that they were interested in Liberia as anywhere else, and that only last week he received a communication from Liberia, offering the sale of certain lands there.

The Hon. Croom of Philadelphia said he did not think it wise to purchase too much land in America, or in the West Indies, but to hold just enough for them to exist on. He referred to the passing of Federal Laws in the United States against the settlement of Japanese in certain sections of the country and used these facts as a foundation for his surmise that the Negro, since he is continually up against the prejudice of the white man, would continue to be exterminated from the politics of every country in which he lives. That would be so even in the West Indies.

The Speaker in Convention observed that the only reason why Negroes had been kept out of politics in the past and not enjoyed the benefits of

# Kiddie Corner

By BERNIE De MENA

**"Join the Contest Now Girls!"**  
Now listen! If you are a New Negro, you had better join this contest now.

Up to now I have only received one picture, and you have certainly got to do better than that. You have pretty eyes, and you know it. So, why not make use of them now? Don't be afraid girls, you might be the lucky one.

Miss Johnnie Mae Bryant, of Cincinnati, who finished from Liberty University last session, will be the judge. She has pretty eyes, and should be able to pick them. Don't you think so?

Well, you must give the judge something to do, because it will be useless to have a judge with nothing to judge.

Alright girls, get busy. This contest won't last long. Who will be the first? Here is the title: "Smiling Eyes of the U. N. I. A." How is that? One for the money! Two for the show! Three to get ready! And here we go!

It's almost time for school again kiddies. Are you sorry? You shouldn't be if you are going to Liberty University. If we all go to Liberty, just think of the fun we will have together, and not only fun, but

real good training along the line of Nationalism.

You don't know what you will miss if you don't go to Liberty this year. Liberty wants good baseball players, so the young baseball players have a chance of showing just how much they can play. We had a team the season before the last that won every game they played. This year we want a team just as good. Liberty also wants a basketball team, so that gives the girls a chance too. Get your toes in readiness and say: "Goodbye white schools, hello Liberty!" Don't fail her now, because she needs you most at this time.

This letter was sent from Atlanta Dear Miss Mena:

I have read your article in the Negro World, and I have decided to write a letter to the Kiddie Corner. I was glad to hear from Liberty University, and also glad to see the Kiddie Corner.

I am nine years old, and am in the fourth grade. I hope to attend Liberty University some day, and I hope to cross the waters someday, too. Wishing you success, I am

Yours truly,

MARGARET K. JONES

Atlanta, Ga.

## CONVENTION NEWS

(Continued from Page Three)

Colon: Mrs. Levanthia, of Trinidad. Mr. Leonard Smith, of Detroit, Michigan, also suggested that at least \$200,000 of the \$600,000,000 to be raised within the next ten years, would go toward the establishing of the daily newspapers in the various large cities.

Convention adjourned with singing of the National Anthem.

## Several Divisions to Raise Thousands of Dollars in 6 Months

Liberty Bonds Suggestion

Six hundred millions of dollars to carry out the program of the Universal Negro Improvement Association as decided by the Convention of the Negro Peoples of the World, now in progress at "Edgewood Park" is to be raised by the organization through its several divisions within the next ten years, according to a resolution passed yesterday morning at the 22 Business sessions of the great convocation.

Several suggestions were made by delegates as to how this money should be raised, the Hon. Mrs. Hedley of Boston, and the Hon. Madam M. L. DeMena of Boston, laying a concrete foundation for some sound business talk. Mrs. Hedley advocated the floating of liberty bonds, citing those which were floated by some of the belligerents during the World War, and through the purchase of which

Negroes saved thousands of dollars; they could also form what was known as co-operative clubs throughout the divisions, each member to pledge himself to subscribe 2 dollars a month to the fund.

The energetic Madam said they could be satisfied with raising the first million dollars in the next six months; that would enable them to support the projects from which would eventually accrue the required sum. The organization could also acquire a portion of the amount through the development of the co-operative bank in Kingston, which is being run through the U. N. I. A. in the form of an exchange.

Several delegates promised to raise large sums within stated periods, and some practical schemes were placed before the House.

The following resolution, moved by the Hon. James G. Gary and seconded by Hon. Johnson of Columbus was finally passed:

Whereas our race has suffered in the past and still suffering from poverty and financial difficulties, and whereas the race is facing complete extermination, the U. N. I. A. in God's own time has stepped on the scene of action to save it at this particular time, raising and budgeting for 600,000,000 dollars in ten years to execute the above program, I respectfully move that the Speaker in Convention be empowered to appoint a committee of twelve to devise ways and means for the raising of funds and that the Speaker in Convention be appointed Chairman.

The following Committee was appointed: Hon. Marcus Garvey, Chairman, Hon. and Rev. Dr. Williams of Baltimore, Hon. M. L. DeMena of New York, Hon. Robinson of Columbus, Hon. Mrs. Fields of Missouri; Hon. Mr. Gordon of Chicago; Hon. Craigen of Detroit, on; Wallace of Chicago; Hon. Ephraim of Chicago; Hon. Sumlin of Chicago; Hon. Rowe of West Virginia, and Hon. Hutchinson of Panama.

## Uniforms Sparkle at First

Marcus Garvey "Court"

KINGSTON, JAMAICA. — Garbed in a resplendent uniform and glittering with jeweled orders, Marcus A. Garvey, Provisional President of the African Empire, was the center of attraction at the first session of the U. N. I. A. in the tent of the Valley of the Nile and head of the Marcus Garvey Universal Negro Improvement Association.

tion, which is in congress here, held his first court last night. His Highness, the Potentate, Alfred Potter, of Canada, received with the president. Some 10,000 guests attended the reception.

The uniforms of the president and his aides were so brilliant as to be almost gaudy. The women who attended wore shimmering gowns and were bedecked with jewels.

## Return of Garvey to U.S. Wanted

### Negro Congressman Leads Movement Plans To Launch Big Fight

Through the recommendations of Robert L. Ephraim, youthful president of the U. N. I. A. in Chicago, Hon. Oscar DePriest, Congressman from the first district, and Hon. James W. Brown, first assistant corporation counsel and ward commander of the 14th ward, have pledged themselves to lead in a movement, now under way, to bring Marcus Garvey, President General of the U. N. I. A., back to this country.

A conference was held recently in the city hall between DePriest, Brown and Ephraim, where it was definitely decided to launch a fight in this direction.

Garvey was convicted some time ago for using the Government mails to defraud and sentenced to five years in the Atlanta Penitentiary where he served two years and ten months before President Coolidge granted him a pardon without reservations. According to legal experts this pardon should have restored Garvey to his original status in this country, but for some unknown reason he was speedily sent to New Orleans and from that point deported as an undesirable citizen.

Robert L. Ephraim has been re-appointed by Garvey as President of the Chicago branch for another year, with the unanimous endorsement of the membership. The appointment came by telegram and was met with tumultuous applause. Mr. Ephraim had already been elected by the association as a delegate to the international convention to be held at Kingston, Jamaica, and was recently endorsed by a delegation from Illinois, Missouri, Kansas and Nebraska as the American representative to argue the case of the race before the League of Nations at Geneva, Switzerland, in September.

## U. N. I. A. To Establish Embassies All Over The World

To Protect Interest of Negro Race

Committee of 5 Appointed

The establishing of Embassies in Washington, Paris, Berlin, Rome, Brussels, Geneva, Tokyo, China, India, West Africa, South Africa, to represent the interest of the entire Negro race to watch and protect their rights; was the proposal discussed yesterday afternoon at the 23rd Business session of the Sixth Annual International Convention of the Negro Peoples of the World.

After an interesting discussion in which the Hon. Smith of Detroit emphasized that only men of substance and influence should be elected as ambassadors of the race, the following resolution, moved by Mr. W. F. Bailey of Kingston and seconded by the Hon. Smith of Cuba, was passed.

"Resolved that a Committee of five be appointed to devise ways and means to have stations in such centers of civilization where the numbers of resident Negroes are large, to represent the interest of the race, the primary would be to watch over and protect the rights of Negroes."

The following Committee was appointed: Hon. Smith of Detroit, Chairman; Hon. Edwards of Havana, Hon. William Ware of Cincinnati, Hon. Mrs. Alberta Robinson of Chicago, and Hon. Hoxie of California.

tion, which is in congress here, held his first court last night. His Highness, the Potentate, Alfred Potter, of Canada, received with the president. Some 10,000 guests attended the reception.

## Valle Predicts Wilson Election

(Continued from Page One)

part of the work a success. For twelve years New Mexico was a virgin territory and all efforts to establish a lodge there had been futile; however, recently two lodges have been set up at Albuquerque and Roswell after two weeks labor.

Five years ago the Klan ran a writer out of Ft. Worth, Texas when his mission was found out. But today Texas has 22 lodges with 1,000 members and lodge property worth about \$50,000.

I have increased one hundred per cent the number of Lodges in the state of Missouri making possible for the state to send 50 delegates to Atlantic City. I was successful in increasing two hundred per cent the number of Lodges in the state of Oklahoma and five new lodges in the state of Illinois were instituted.

From time to time when Grand Exalted Ruler Wilson took over the reins, the membership and number of lodges have increased 66.23 per cent; the lodges going to about 900 at the present time, from between 250 or 300 before his incumbency; this means a corresponding increase in resources and the possibility for good for which the organization stands. State organizations have been set up in 26 states in which work the writer, as a representative of the Grand Exalted Ruler, had a prominent part. Through New York, Maryland, Pennsylvania, Ohio and the entire west, this record of achievement has been so pronounced that the order has taken on new vitality and has attracted some of the strongest men of the race to its fold. At Tuskegee Institute 35 members of the faculty members of the A. & M. College at Pine Bluff, Ark., were initiated; Bishops Lane and Martin of the C. M. Church, Bishop Cantrell of Holly Springs, Miss., the faculty at Fisk University, such national figures as the Hon. Robert R. Church, Geo. E. Lee, A. E. Busch, Dr. Elliott, and J. H. McConico of the Moslem Templars, Clarence Cameron White, the noted violinist of international fame, W. R. Porter of the E. Tennessee News, J. E. Mitchell of the St. Louis Argus, and a host of others have been attracted to the Order under the present administration, and the writer has been only able to interest them because of the fine leadership of our Grand Exalted Ruler. I have personal knowledge how 250 delegates from our virgin fields feel toward Brother Wilson, and how they will stand forth and demand his continued leadership. This feeling has been intensified because in many places where the benefits of the Order were formerly denied our people, the doors of opportunity have been thrown open; and this is no more clearly demonstrated than at our Elks' Oratorical contests to which student contestants are now drawn from the states where there were previously no lodges.

Once we were struggling half heartedly toward an uncertain goal, paying the same taxes we now pay but going nowhere. Today, under J. Finley Wilson, the I. O. O. F. of W. is no longer rated as an organization with uncertain future, but she stands without a peer among secret societies with a program of which even the rank outsider is proud. Like other orders she cares for the sick and buries the dead, but she does not stop there.

That is the smaller part of her task. She dispenses charity where charity is needed; she helps educate our ambitious boys and girls; she

lights discrimination and other enemies of racial progress and she stands as a bulwark of strength where strength is most desired.

J. Finley Wilson is the embodiment of all these activities. His conduct of the Washington Eagle, that wonderful moulder of public sentiment, places him among that select band of race leaders whose opinions are always looked on with value. His life's record has been open to public inspection all these years and needs no defense, because the public prestige he has gained, like all other heroes of public worth, has brought forth well earned ecumens as the natural result. Such reputations are made by living well while white lives, not by preachment. It is J. Finley Wilson's exemplary life and sterling leadership which has endeared him to all Elks all over the world, that they will without doubt retain him as their leader and re-elect him at Atlantic City to the office which he now holds with so much credit to the organization.

Why Work for Less? Write or come to the largest and original Hindu Temple, 1212 Milwaukee Ave., Chicago, Ill. We want more of you. All of our agents are making more money with us than they are anywhere. Why not you? Experience not necessary. Free sample and free delivery. Remember, you make more with us.

## Wilson Election

(Continued from Page One)

lights discrimination and other enemies of racial progress and she stands as a bulwark of strength where strength is most desired.

J. Finley Wilson is the embodiment of all these activities. His conduct of the Washington Eagle, that wonderful moulder of public sentiment, places him among that select band of race leaders whose opinions are always looked on with value. His life's record has been open to public inspection all these years and needs no defense, because the public prestige he has gained, like all other heroes of public worth, has brought forth well earned ecumens as the natural result. Such reputations are made by living well while white lives, not by preachment. It is J. Finley Wilson's exemplary life and sterling leadership which has endeared him to all Elks all over the world, that they will without doubt retain him as their leader and re-elect him at Atlantic City to the office which he now holds with so much credit to the organization.
