Garvey's Weekly DIGEST

LONDON, England.
Fellowmen of the Negro Race,
Greetings:

These times of economic distress and political discontent even among the exploiters of the Negro race the world over should have been conducive to the success of our emancipation movement and of African redemption. But unfortunately, at the very psychological moment we found ourselves utterly unprepared due to lack of cooperation and disloyalty on the part of some of us, to give the blow and free ourselves. Those of us who have unstintingly sacrificed ourselves in the cause of the program of the Universal Negro Improvement Association cannot help but see that this unpreparedness of our race was a tragic moment in the course of our movement.

But there is no cause for despair. The depression has done a great deal of good to the Negro everywhere, especially in America and the West Indies. The Negroes there are increasingly agreeing with our program though they have not readily joined hands with us. This has been repeatedly pointed out by the untiringly vigilant editor of The Negro World.

Hitherto we have retraced our steps, and it is time to march forward. It is said about the Chinese that they have, in their recent history, gone one step backward only to go two steps forward. So also we have now to go two steps of more forward. We cannot afford to stay still, without making definite moves to put our program over. We must again strike the chord of action and be up about our business.

Negroes of the world, be ready to again band together under the banner of the U. N. I. A. Stop fighting, get united. Let us all march together until Africa is completely redeemed.

I have the honor to be
Your obedient servant,
MARCUS GARVEY,
President-General Universal
Negro Improvement Association
of the World, August,
1929.

P. S.—I trust that every member of the U. N. I. A., also every division, is making supreme effort to keep The Negro World alive. I cannot too often or too firmly impress upon your mind that The Negro World is the lungs of the U. N. I. A., and that we cannot be healthy without it.

I again appeal to all the agents to pay promptly all their bills—whether past or present—so that the management will not have to strain unnecessarily the credit relations of The Negro World.

Garvey Active in Aid of Sufferers

BELIZE, British Honduras.—Readers will be pleased to learn of the timely interest which Mr. Marcus Garvey is taking in the welfare of the community during this period of grief and great disaster. Mr. Garvey, who is on a special mission to Europe in the interest of the Negro race, forwarded a cable to the chairman of the Belize Town Board with the object of securing his approval of a project to raise funds in London for the relief of our stricken people.

The chairman of the board readily consented and informed Mr. Garvey by cable accordingly. Appended is the wireless communication by Mr. Garvey:

"London, October 1.
Chairman, Town Board,
Belize.
"Will organize here concert funds
sufferers through town board stay
short if alright reply today Council
Councillor Marcus Garvey Hotel Victoria
Victoria Station London."

Woman Scores Eulogy of Slave

No More 'Black Mammy'
and 'Good Colored
Folks' Stuff

HARPERS FERRY, W. Va.—A memorial tablet to Heywood Shepherd, first person killed in the John Brown raid here in 1858, and unveiled here recently, struck a sour note when Miss Pearl Tattam, Storer College music director, in an unprogrammed talk told the audience that "we are forgetting the things of the past and are pushing forward to a larger freedom, not in the spirit of the black Mammy, but in the spirit of new freedom and rising youth."

Miss Tattam arose from her seat just as Mrs. Leopold Bashinsky, president general of the United Daughters of the Confederacy, had taken her seat after telling of the dear old black mammy and the "good colored folks" of the South.

The statement by Miss Tattam threw a bombshell into the small gathering. Whispering and mumbling were heard after she took her seat.

The Rev. George Bragg, rector of St. James Church, Baltimore, announced the benediction. He was the only colored person scheduled to speak. Negroes of the community characterized the tablet and memorial as an Uncle Tom affair and many voiced their disapproval of it.

Shepherd was a free Negro employed at the Baltimore & Ohio Railroad passenger station. The raid in which he was killed was followed by the trial and execution of Brown and followers who were with him in a movement to free slaves.

The memorial was made possible by the United Daughters of the Confederacy and the Confederate Veterans.

"The memorial was designed," Dr. Matthew P. Andrews, Maryland historian said, "because Heywood Shepherd likewise exemplifies the character of a transplanted people who so conducted themselves through four years of war that no stain was left upon a record which is the peculiar heritage of the American people."

The petitioners, led by Emma Pickel, filed papers early in 1924. An amended petition was filed in the Circuit Court of St. Louis in 1927 which sought the removal of the restrictions. It was claimed in the plaintiffs' petition that signatures obtained through fraud and misrepresentation, and that not all of the property owners signed the paper.

The area in question was that bounded by Finney, Cook, Grand and Vandeventer avenues. At present this neighborhood is practically surrounded by colored property owners, which results in the bulk of the home owners being adverse to signing the document.

ROSENWALD, ROCKEFELLER AGENCIES TO DISCUSS NEGRO

MEMPHIS, Tenn.—Representatives of the Julius Rosenwald Fund and the Rockefeller Foundation are to meet here October 22 to discuss ways and means of giving aid to the Negro in the South. J. D. Burton, interstate secretary for the purpose of the conference is to create better racial understanding by taking steps to reduce crime, assist in the Negro's development and teach him pride in his race.

Rebels of 21st A. D. Make Peace; Democrats Confident of Victory

The Negroes of 21st Assembly District have been rowing in to volunteer their services to the Chicago Club, 728 St. Nicholas avenue, whose executive members are Thomas F. Murray and Joyce Bushel, in order to elect their entire Democratic ticket in that district. Everyone in the club breathes confidence of victory, especially since the late rebels have come into the fold and are solidly behind the organization candidates.

There are, in other words, no family troubles in the ranks of the Democrats of 21st A. D.

In an ovation given to the Democratic candidates of the district, John William Smith, candidate for Alderman, and David Paris, the present incumbent and candidate for re-election

Propose a New Education Plan

Present Plan Faulty;
Would Approach Race
Problem Scientifically

DENISON, Tex.—Dr. Sutton E. Griggs spoke to a large group of white and Negro citizens of Denison, in a mass meeting Sunday afternoon at 3 o'clock at Hopewell Baptist Church.

He pointed out the fallacies in the present system of Negro education and presented a "New Type" of education which he said must be instilled in the race before the Negro can ever hope to attain his proper places in the world. He said, "we can go on with our educational system as it is, but we cannot hope to attain any marked degree of progress or advancement for the next thousand years unless we adopt new educational policies."

He also showed that not since 1879, when the South regained political power and northern intervention ceased, has the Negro had any chance of getting political aid from the North.

This speech marked the beginning of a series of similar meetings and speeches in behalf of the A. R. Griggs Research College of Attitudes. This college aims to train the race leaders in the traits necessary toward the attainment of race collective efficiency. Dr. Griggs has worked out what has been recognized by leading scientists and white universities, both North and South, as the only scientific solution of the race question.

Soviet Disciplines 'Bread-Giving' Foes

Nine Expelling, 8 Others Punished
for Private Hoarding of Grain
in the Ukraine

MOSCOW.—The Soviet government and the Communist party moved today to uphold what it charged were opportunistic practices to undermine its "bread for all" program, by the action of many collective farms in storing grain for individual needs instead of fulfilling their obligations to the state.

Describing the situation as due to kulak influences, the central executive committee and the Communist party of the Ukraine, the nation's breadbasket, issued simultaneous decrees.

Nine officials and members of various local party organizations were expelled, eight were removed from the work, and ten were recalled from party work.

Negro Women Back Prohibition

ROCHESTER, N. Y.—Denying a popular contention that prohibition is difficult to enforce in large Negro communities, members of the Women's Auxiliary of the Colored Baptist New York State Convention adopted a resolution supporting the Eighteenth Amendment at the closing session of their annual meeting here recently.

The resolution declared that the auxiliary was "for law enforcement without fear or favor," even though prohibition was being "railed against as the cause of all the evils of the times."

WHITES PROTEST BUILDING NEGRO COLLEGE IN MEMPHIS

MEMPHIS, Tenn.—Fifteen petitions signed by eight hundred white citizens of the city, members of the Central Civic Club, have been secured here by the officers of the organization, protesting the building of a Negro college in a white residential section. The land is owned by the college. The petitions were presented to the city board of adjustment and no action has yet been taken.

to the Assembly, no room for doubt is left about their election at polls on Nov. 3.

Mr. Smith was elected Alderman from 21st A. D. back in 1921 and made an excellent show. He said that calumny may be cast upon the city administration by the "outs" but the record of achievements of the party that is known as the "Ins"—that is to say, the great Democratic Party of this city and State, has done more for the community of 300,000 Negro citizens here in Harlem than did any Republican administration in the knowledge of local political historians. The speaker was given an ovation on completion and he was roundly applauded during the course

(Continued on Page Two)

Special Notice

To all Presidents and Officers of Divisions—
All Divisions in America are hereby notified to set aside Garvey's Day, November 1st, 1931, as Special Day for NEGRO WORLD so as to assist in keeping the NEGRO WORLD, the Mouthpiece of the Organization, alive during this terrible depression through which we are passing as an Organization in general. Let every Division rally on that day and forward by Air-Mail, Monday, the 2nd, P. O. Money Order to 355 Lenox Avenue, New York City. Make all orders payable to NEGRO WORLD. As Officers of your Divisions the Administration is depending upon your unflinching loyalty at this time.

M. L. T. DeMENA,
Officer in charge of American Field, U.N.I.A., Aug. 1929,
of the World.

Film City Gives No Jobs to Race

Employs 1300, But No
Negroes Among Them,
Fearing "Arguments"

LOS ANGELES.—Although Negroes are citizens and taxpayers and many of them have been ardent supporters of the municipally owned water and power project, jobless Negroes need not expect no jobs on construction projects unless the Department heads have ample time to work out some system whereby Negro and white workers won't have to camp together. That was the burden of a guarded admission made by L. C. Paul, chief of the employment bureau of the Department, when asked if any Negroes were among the 1,300 men employed on a city construction project for a month's work.

Mr. Paul admitted that no Negroes had been employed and excused the action by saying that the job was a rush one that might be completed soon, that no facilities had been provided for separate accommodation of the races, and that the man in charge, L. C. Gardett, was fair to all.

Asked if he did not think the races could work together, Mr. Paul said it might "create argument" if they had to camp together as they must do on the present project.

The Eagle undertook an investigation of the affair when persistent complaints came to it that Negroes were being discriminated against. A reporter assigned to learn the why's and how's of the unfair policy learned that Negroes were being given the "run-around." When they sought to register, they were told they must have a camping outfit. Few had them.

Money for the construction project was obtained from bond issues from which Negroes worked and voted. The Department is directly in charge of H. A. Van Norman from whose office was released a news story this week calling attention to the employment of the men. Mr. Paul's admissions made it clear that the discriminatory policy was a decision emanating from those above him. Mr. Gardett could not be reached for a statement.

Pacific Relations Session To Discuss Manchuria

SHANGHAI.—The Manchurian problem was one of the important matters confronting the fourth biennial conference of the Institute of Pacific Relations, which opened here today, with both China and Japan represented. Jerome D. Green of New York, chairman of the institute's executive council, announced that discussion of the situation in Manchuria would not be side-stepped.

Dr. Hu-shih, Chinese educator and philosopher, opened the conference, delivering an address of welcome to the delegates.

The matters to be discussed include depressed silver values, the Chinese demand for termination of extraterritorial rights of foreign nations, Filipino emigration and American tariffs. The delegates do not represent their governments in any official capacity.

Chinese Boycott Cuts Pacific Coast Shipping

SEATTLE.—Chinese boycott of Japanese goods over the disturbance in Manchuria has affected shipping between the Pacific ports of the United States and ports in the Orient. Seattle shipping men admitted today. Passenger business, as well as freight business, has been affected. Chinese are said to be reluctant to travel on Japanese-owned boats and there are no Chinese shipping lines they can patronize.

Happiness Einstein Creed

VIENNA.—Professor Albert Einstein doesn't care what political creed the world adopts; if it brings happiness to the human race he's for it.

"It's happiness we're after," he said, "and when the day comes which brings man redemption from his sufferings I won't trouble about the name of the political doctrine."

Mo. Negro May Go to Congress

Democrats Favor Sending
One; 1928 Nominee
a Race Man

KANSAS CITY, Mo.—The attorney general of Missouri says that the decision of the Minnesota Supreme Court covers the exact situation which exists in this state respecting redistricting.

The Minnesota decision says that the Legislature, without the consent of the Governor is the redistricting agent according to federal law. If so, Missouri's twelfth district, now represented by L. C. Dyer, will again contain possibilities for Negro candidates. It is the district in which the Democrats gave a Negro the nomination in 1928. Joseph McLeary made the race and got enough votes to win in a normal year, and lost only because Dyer got an unusual vote.

Negro Republicans have run against Dyer for the nomination—Phillips, Vaughan and others. The Missouri Supreme Court is going to pass on the question, and if it decides as did Minnesota, a Negro may go to Congress representing that area, whatever may be its new boundaries and number.

Missouri has 13 Congressmen, the number the last census indicates to be its share. Since that cuts off some, new boundaries for each district had to be created, and the Legislature is the body empowered to make the change. It did pass a redistricting measure, which, according to custom, went to the Governor for his signature. But Gov. Caulfield vetoed it, and until now it was assumed that the state's delegation of thirteen would all be elected at large, a prize which each party fought hard to win.

Howard U. Now Has 1,703 Enrolled

WASHINGTON, D. C.—Registration at Howard University for the autumn quarter shows an increase of 162 students in the academic colleges over 1929, and only 117 less than 1930, with but 42 new students less than those who enrolled in the autumn quarter last year.

The school of music, with the largest enrollment in its history has 111 students as compared with 58 last year, while the graduate division has at the present time, 105 students enrolled as compared with 52 in the autumn quarter of 1930.

Both dentistry and pharmacy have now enrolled more new students than last year, with a depreciation of only 11, in all of the other professional schools.

Turks Ban Foreign Clothes

ISTANBUL.—Turkish officials from President Mustapha Kemal down and their families must all wear clothes of Turkish manufacture, the Turkish Cabinet decided today in a meeting at Angora.

President Kemal is required to forego his London tailors and Angora women their Paris gowns as a part of the Turkish government's new economy measures.

Alderman Solomon, a Friend Of Negroes, An Asset to Party

Alderman William Solomon is again a candidate to the Aldermanic post he so brilliantly filled for the last nine years. He is standing for re-election for the fifth term. He is also leader of 17th A. D. for the last five years.

Mr. Solomon has accumulated immense prestige in the administration circles. The contacts he has made he uses to serve the people of his district. He has always stood for a square deal to the Negro, in fact, as well as in principle.

Mr. Solomon is known to all the people of the district as "General Billy," the man who always is "At your service." His leadership has been a boon to the Negroes who are encouraged to aspire higher.

Harlem Negroes Going Democratic

10th Cavalry
Is Dispersed

Attempts to Keep it In-
tact Are of No Avail
to the End

FT. HUACHUCA, Ariz.—Headquarters troop and first squadron with a strength of 127 men left for Fort Leavenworth Saturday night. A detachment of Tenth cavalry to the Ninth cavalry at Ft. Riley left on the same train with Leavenworth troops with a strength of 100 men. Second squadron with 89 men left for West Point, and machine gun troop 29 departed for Ft. Myers Sunday night.

(Signed)
Col. Thomas L. Sherbourne.

The telegram from the commanding officer at Ft. Huachuca, Ariz., sounds the death knell for one of the most picturesque units of the United States army. Your correspondent heard that the Tenth cavalry was moving out of the old Arizona post. To be sure, he immediately got in touch with headquarters at Ft. Huachuca. The telegram from Col. Sherbourne printed above confirmed what was already a fact.

During the sixty-six years of the Tenth cavalry's existence, it has served through three wars and countless Indian uprisings while it was doing frontier duty. Such names as "Teddy" Roosevelt of Rough Rider fame, and General John J. Pershing have been connected with this famous regiment.

When the public first heard of the proposed break-up of the Tenth cavalry, the order of the War Department was vigorously opposed. The Vice President of the United States, Senators and Congressmen were written to and their support was asked in the matter. Several weeks ago letters were published from these officials in which they pledged their support in the matter.

On his return from the Philippine Islands, Patrick Hurley, secretary of war, was asked to intervene and rescind the break-up order. But all to no avail. The Tenth cavalry moves out to make room for the Fifth air corps, according to the War Department. But no Negroes may enlist in the air service.

This order transferring the famous regiment to Fort Leavenworth, where the regiment was first organized and other detachments to Fort Meyers, Va., Fort Riley, Kas., to the United States Military Academy at West Point, N. Y., ends a glorious career of a famous fighting cavalry.

St. Louis To Have New \$2,000,000 Hospital

ST. LOUIS, Mo.—According to announcement coming out of the city's chief engineer of bridges and building office, work on the \$2,000,000 hospital for colored people will begin on or about December 17. This action came after a delayed controversy lasting more than two years during which time there was much dickering as to the most advantageous site.

Drawings for the new hospital call for the main building, consisting of a central building and two ward buildings, joined wing-like on either side, service buildings, a nurses' home and superintendent's quarters. A nurses' home and the superintendent's quarters will be omitted now, since only \$1,000,000 will be available for the present.

The structure when completed will cover most of the two blocks bounded by Kennerly and St. Ferdinand avenues on the north and south, and Whittier street and Goode avenue on the east and west. The site cost the city \$300,000.

Make Ballots Asset to Race

Sick of Sentiment; a Vote
for Republicans, a Vote
Wasted!

By A ROVING REPORTER

Harlem is hot with the fever of politics. Wherever one moves he comes across campaigning, cursing, applauding, and well... such other exciting things that go along with politics.

The Tammany Hall candidates are carrying on the most spectacular campaigning. It is also the most effective and convincing as well. The Black Belt of Harlem has gone steadily Democratic for the past decade or so but never more so determinedly as now.

I asked one of the political leaders why Democrats have such a hold on Harlem, and he said to me: "The Negro is waking up politically. He wants to make effective use of his ballot by casting it in such a way that he would benefit himself most. In New York all power is in the hands of the Democrats. Why waste your ballot by casting it for any other?"

"A vote cast for the Republicans," continued this observer, "is worse than wasted. You might as well cast it for Communists. The Negro wants to be an asset to himself by being an asset to some party, and that that asset is the Democratic Party. The modern Negro is sick of acting on sentiments."

And the Negro in New York is going Democratic.

Taxi Ordinance May Eliminate Negroes

\$10,000 Insurance on Each Cab, Would
Prove Disastrous to Twenty
Race Companies

KANSAS CITY, Mo.—The proposed taxicab ordinance, scheduled to come before the city council at an early date in which liability insurance amounting to \$10,000 is to be carried for a single cab operator, will have serious effects upon Negro taxi companies if passed.

20 Negro Companies

There are probably twenty or more taxi companies operated by colored people in Kansas City, all operating from one to fifteen cars each, and employing from one to thirty operators each. The majority of these men are married and have families. Owners have invested in these companies thousands of dollars. The passage of the proposed ordinance, which follows, would be disastrous to almost all of the Negro companies.

Proposed Ordinance

An inspected taximeter in every cab, the meter not to be more than 5 per cent prejudiced against any passenger.

A maximum on charges, considerably above existing competitive rates. Each cab to post its own rates.

Surety bonds or liability insurance to be carried, a single cab operator to \$10,000 for personal injury and \$20,000 for property damage; for more than one and less than five cabs, \$15,000 for personal injury and \$2,500 for personal damage; five to nine cabs, \$20,000 and \$3,000; ten to twenty-four, \$25,000 and \$3,500; twenty-five to forty-nine, \$35,000 and \$4,000; fifty or more, \$50,000 and \$4,500.

Annual occupation license of \$25, plus \$5 for each individual cab.

A permit from the director of public works.

A ban on "cruising" for business, or of vocal solicitation business. Each cab to offer the passenger an exit door or other side and to set the taxi driver off by himself with a glass partition.

East passenger compartment to have its individual light switch.

Cab ownership to be shown on outside lettering two and a half inches high.

Not more than three taxicab inspectors to be appointed by the director of public works, the inspection fee to be \$1 and inspection to be at least twice a year.

List of Companies

Following are a list of the companies that would be affected by the above ordinance, if passed:

Sam's Taxi, Blue Line, Radio, Tur-

To Discuss Problems of West Indian and American Negroes

The annual meeting of the Association for the Study of Negro Life and History will be held in New York City on November 8 and 9, and continue through the 12th. This conference will give opportunity to get first-hand information from those who are making a scientific study of the Negro that this race may not become a negligible factor in the thought of the world.

The topics to be discussed will deal with the Negro at home and abroad. Out of the elements of the same race, three important problems or questions. Liberia will be given much consideration. Among the discussions, too, will be that of the contribution of the West Indian Negro to the history of the United States, and the Negro of the United States, and a possible "approachment" between these two elements of the same race. Another topic will be the discussion of the contribution which the Negro church has made to the world, and achievement would have been greater if the church had been united, and whether the united Negro church is feasible or desirable.

Negro Music Program
The annual meeting will open with a mass meeting at the St. James.

Democrats Confident Of Sweeping Victory

Through the aid of the day, the Democrats today were confident they would elect at least seventy-five of the 150 candidates for the Assembly on November 3. Republican leaders admit their party is fighting with its back to the wall to control the next Assembly, which will decide whether to re-elect the committee which introduced the bill to control the next Assembly.

The Rev. O. R. Miller, dry leader, in the last issue of the Reform Bulletin called upon the drys to elect a Democratic Assembly.

James A. Farley, Democratic State chairman, today predicted the Democrats would re-elect all of the seventy members of the present Assembly and appeared confident they would gain at least eight and possibly twelve additional members. Mr. Farley's forecast is based upon the expected defeat of Assemblyman Abner Low, Mayor of the 15th district, and Mr. K. Story of Brooklyn.

On account of a bitter Republican factional fight in Lewis County, the Democrats are confident of electing A. W. Twining, who is opposing Assemblyman E. M. Shuman.

Dry candidates running as independents are expected to cut into the Republican vote to such an extent that Mr. Farley claims the Democrats will increase their representation.

Confidence, Harmony Prevail in 21st A. D.

(Continued from Page One)
of his address, which indicated to everyone that he was and is a popular choice to re-capitulate the 21st Assembly in the Municipal Assembly.

Mr. Paris, who is supporting Governor Roosevelt's bill on unemployment insurance, was hailed as one who has always taken a direct interest in the Negro masses of his district. He said he felt personally that he was entitled to be re-elected in order to complete the program of constructive legislation that he has introduced in extraordinary session of the Assembly in September.

This reference was extended to the 21st Assembly, which was introduced on September 18, 1931, by Mr. Paris and once and for all to the Committee on ways and means. The following are excerpts of the official documents.

AN ACT
"To amend the civil rights law in relation to discrimination by any person, firm or corporation in the employment of any person on account of race, creed or color, during the present unemployment emergency."

AN ACT
"To provide for the number of days to constitute a legal week's work, and the number of hours to constitute a legal day's working during the present unemployment emergency."

Mr. Paris was also well received and from the many voters throughout the district, he is conceded to win over his opponent for the office, so that he might return to Albany to vigorously fight for the measures introduced by him, as sponsor and author.

Tammany Leaders Attend Peter J. Dooling Funeral

Tammany Hall honored Peter J. Dooling, chairman of the executive committee, and in point of service its oldest district leader, for the last time yesterday at a solemn mass requiem at Holy Cross Church, 333 West 42nd street, at 10 o'clock.

The Rev. Francis Duffy, celebrant of the mass, departing from the custom of the archdiocese, gave a brief eulogy of the deceased, commending his "simplicity, humility and humanness, which public honors do not diminish."

The honorary pallbearers were headed by former Governor Alfred E. Smith, who appointed Mr. Dooling Sheriff of New York County in 1924, and by John F. Curry, Tammany leader.

Democrats Gain 17 Republican Towns

Democrats captured 17 former Republican strongholds in Connecticut at the recent town elections in that state, while the Republicans won in eight towns that are normally Democratic.

For the first time in 25 years Plainville, the home of former Governor John H. Trumbull (Rep.) went Democratic.

Tammany Hold Now Stronger Than Ever

In viewing the situation of the Democratic fight in the election, it seems that a greater success will be had than was ever known in the history of the city of New York by the Tammany Hall forces. Even the children in the streets are interested in the individual candidates of their respective districts, which shows the spirit and conversations in the various homes of the community.

Aid for Homeless

The Welfare Council Coordinating Committee on Unemployment, 122 East 22nd street, New York City, asks those that are in need of relief to register and get immediate relief at the Central Registration Bureau for the Homeless at the South Ferry building opposite South and Whitehall streets.

Parents' Meeting

In order to secure better living conditions meeting of parents will be held at Christ Mission of the Industrial Church, 253 West 17th street, New York City (Rev. J. A. Davis, rector), on Thursdays at 8 p. m., and on Sundays at 9 p. m.
